Cordless Finish/Trim

IM250A-Li 16 GAUGE ANGLED Li-ion Finish Nailer

**7.4 V Li-ion battery**

Drives up to 12,000 nails per charge

Cordless Convenience and Mobility

Less mess and clutter, no dirty hoses to drag around

No-Mar Tip

Protects wood from damage

Tool-Free Depth of Drive

Precise control of nail depth, no tools needed

Lightweight and Powerful

Easy on the arm, drives 2½" nails into the hardest woods

Designed and Assembled
in the U.S.A.

**Tool Specifications**

Model	Cordless 16ga. Angled Finish Nailer
Part #	902400
Weight	4.6lbs w/battery
Nail Capacity	100 (2 strips)
Nail Range	1¼" - 2½"
Nail Type	Angled 16ga. - Smooth, Galvanized
Fuel Type	Finish/Trim Fuel (part# 816007)
Nails per Fuel Cell	Approx. 1,200
Battery	Li-ion battery (part# 902654)
Battery Life	12,000 nails per charge
Warranty	90-day normal wear parts 1-year limited 5-year extended limited

IM250S-Li 16 GAUGE STRAIGHT Li-ion Finish Nailer

**7.4 V Li-ion battery**

Drives up to 12,000 nails per charge

Battery Standby Position

Conserves battery power

Lightweight

Only 4.6 lbs for added comfort and control

Open Line of Sight

Allows for accurate nail placement

No-Mar Tip

Protects premium wood surfaces when nailing

Designed and Assembled
in the U.S.A.

**Tool Specifications**

Model	Cordless 16ga. Straight Finish Nailer
Part #	916000
Weight	4.6lbs w/battery
Nail Capacity	100 (2 strips)
Nail Range	1¼" - 2½"

Pneumatic Framing

50th ANNIVERSARY 30° Pneumatic Framing Nailer

**Powerful**

Sinks nails into LVL every time!

Durable

Rugged design withstands tough jobsites

Reliable

Consistent performance shot after shot

Designed and Assembled
in the U.S.A.

Tool Specifications

Model	50th Anniversary Framing Nailer
Part #	511990
Weight	8.5lbs
Nail Capacity	84 (2 strips)
Nail Range	2" - 3½"
Nail Type	30° Paslode RounDrive® Full Head 30° Paslode Clipped Head
Operating Pressure	80-120 psi (5.5-8.3 bar)
Warranty	1-year full 5-year extended

PF350S POWERFRAMER™ 30° Pneumatic Framing Nailer

**Durable Construction**

Requires less maintenance

Powerful

Drives nails flush, even in LVL

Compact Size

Fits between studs

Adjustable Rafter Hook

Moves out of the way when not in use

Soft Grip Handle

For maximum comfort

Designed and Assembled
in the U.S.A.

Tool Specifications

Model	PF350S PowerFramer
Part #	502000
Weight	7.95lbs
Nail Capacity	84 (2 strips)
Nail Range	2" - 3½"
Nail Type	30° Paslode RounDrive® Full Head 30° Paslode Clipped Head
Operating Pressure	80-120 psi (5.5-8.3 bar)
Warranty	90-day limited on wear parts 6-month limited on magazine parts 1-year limited on housing and cap

Pneumatic Finish/Trim

T250A-F16 16 GAUGE ANGLED Finish Air Nailer

**Designed for Precision Work**

Clearly sets nails with open line of sight

High Quality Craftmanship

Smaller 16 gauge nails reduce splitting and nail visibility

Compact & Angled Magazine

Able to get into the tightest spots

Lightweight

Easy on the arm

Designed and Assembled
in the U.S.A.

**Tool Specifications**

Model	T250A-F16
Part #	500910
Weight	3.8lbs
Nail Capacity	100 (2 strips)
Nail Range	1¼" - 2½"
Nail Type	Angled 16ga. Galvanized
Operating Pressure	80-120 psi (5.5-8.3 bar)
Warranty	90-day limited on wear parts, 6 month limited on magazine parts, 1 year limited on housing and cap parts

T250S-F16 16 GAUGE STRAIGHT Finish Air Nailer

**Designed for Precision Work**

Clearly sets nails with open line of sight

High Quality Craftmanship

Smaller 16 gauge nails reduce splitting and nail visibility

Compact & Straight Magazine

Increased installation speed

Powerful

Drives ¾" - 2½" nails into the hardest woods

Tool Specifications

Model	T250S-F16
Part #	501680
Weight	3.9lbs
Nail Capacity	100 (2 strips)
Nail Range	¾" - 2½"
Nail Type	Straight 16ga. Galvanized
Operating Pressure	80-120 psi (5.5-8.3 bar)
Warranty	90-day limited on wear parts, 6 month limited on magazine parts, 1 year limited on housing and cap parts

T200-F18 18 GAUGE Brad Finish Air Nailer

**Prevents Wood Splitting**

18 gauge brads leaves smaller holes

Slender Design

Reaches the tightest spots, and provides precision nailing

Protects Wood

No-Mar tip prevents damage to expensive wood

Powerful

Drives 5/8" - 2" brads into the hardest woods

Tool Specifications

Model	18ga. Brad Air Nailer
Part #	500959
Weight	2.1lbs
Nail Capacity	100 (2 strips)
Nail Range	5/8" - 2"
Nail Type	18ga. Galvanized
Operating Pressure	90-100 psi (6.2-6.8 bar)
Warranty	90-day limited on wear parts, 6 month limited on magazine parts, 1 year limited on housing and cap parts

Pneumatic Staplers

CS150 CAPSTAPLER Housewrap Stapling System

Staples and Caps in One Easy Step

Caps protect against tearing and water damage

Consistant Drive Performance

Save time on roofing felt and house wrap

Easy Loading

Open design makes reloading a snap

Use with FasCaps Combo Pack

Tool Specifications

Model	CS150
Part #	502575
Weight	4.8lbs
Staple Capacity	90 Staples
Cap Capacity	240 Caps/Spool
Staple Range	1" - 1½"
Staple Type	18ga. 3/8" Narrow Crown
Operating Pressure	70-110 psi (4.8-7.6 bar)
Warranty	90-day, 1-year limited

S200-S16 Framing Stapler

Versatile

Great for floor decking, plywood sheathing, and insulation

Durable

For everyday use and long tool life

Top Load Magazine

Easy reload and reduced staple waste

Compact & Lightweight

Increased maneuverability

Designed and Assembled
in the U.S.A.

Tool Specifications

Model	S200-S16
Part #	501230
Weight	4.9lbs
Staple Capacity	150
Staple Range	¾" - 2"
Staple Type	16ga. - Standard Crown (½")
Operating Pressure	80-120 psi (5.5-8.3 bar)
Warranty	90-day, 1-year limited

S200-W16 Insulation Sheathing Stapler

Versatile

Drives up to 2" wide crown staples for various applications

Tool-less Quick Clear Nose

Removes jams easily

Top Load Magazine

Easy reload and reduced staple waste

Lightweight & Well Balance

Increased productivity

Designed and Assembled
in the U.S.A.

Tool Specifications

Model	S200-W16

Innovation.

Paslode has over 80 years of experience of bringing innovative solutions to the construction industry.

Paslode introduced the first pneumatic nailer, cordless framing nailer, and Positive Placement® metal connector system, and has led the way in fastener technology with products like RounDrive® 30° papertape collated nails and Hot Dipped Galvanized Plus - the first corrosion-resistant fastener coating for treated lumber.

Today, Paslode's latest innovations include complete fastening systems that consistently improve the user experience and increase jobsite productivity.

Quality.

Paslode is committed to excellence, and stands by its products. Paslode leverages decades of expertise in tool and nail manufacturing to deliver products that are made under the highest quality standards in the industry.

Reputation.

Paslode is the standard by which other pneumatic and cordless fastening systems are measured. Our products are widely used by professionals for framing, sheathing, trim and finish applications, fencing, floor and roof decking, siding, and insulation.
