Left-Handed Builders

We are the only manufacturer that provides our most popular styles in a mirror image design for lefties (at no extra charge). Throughout the catalog, products which are available in left hand models are indicated with the **LH** symbol (all illustrations are of the right handed model). In left handed sets, the tool bag is then worn on the left side and the fastener bag is worn on the right side.

Customer Care

Occidental's customer loyalty team is second to none. Our customers always come first. Our staff offers technical advice regarding the selection and use of products. We coordinate with our shipping and manufacturing departments to ensure prompt and accurate shipping. Our website (www.bestbelt.com) provides complete product information and referrals to dealers nationwide. Direct links to on-line suppliers are provided.

2 Year Warranty

Occidental will repair or replace (at our option) any item or set component found to be defective in materials or workmanship within two years of the original retail purchase. Call customer service for details.

What is Not Covered

- *Normal wear and tear*, including abrasion, punctures, cuts, fading, etc.
- *An entire set* when one component is in question
- *Damage* caused by misuse or abuse.
- *Cost of shipment* to Occidental

Repair Policy

Lifetime repair service is provided only for our all-leather products. Call for details.

You may reach customer care Monday through Friday from 8 a.m. to 3:30 p.m. (Pacific Time).

HOW TO SIZE YOUR TOOL BELT

Place your existing tool belt in a straight line and measure from the end of the buckle to the most commonly used hole. Select the belt size (by mid point) that is closest to your measurement.

If you do not currently have a tool belt to measure, you can get an approximate tool belt size by adding 4" to your pant waist size.

REMEMBER: *Pant waist and tool belt sizes differ by about 4"*

Size	Mid Point	Approximate Pant Waist
Small	34"	(29" to 32")
Medium	37"	(33" to 35")
Large	41"	(36" to 39")
X-Large	45"	(40" to 44")
XX-Large	49"	(45" to 49")
XXX-Large*	53"	(50" to 54")

*XXX-Large only available in 5035

Comfort In Any Position

*The big & tall builder (over 6'2") may need our extension kit #5045 for proper fit.

5093 - Stronghold® Beltless™ 6-Bag Framer

Time-tested with the features of the 5017DB and 5062 traditional all-leather bags in the Beltless™ System.

5045 - Stronghold® Beltless™ Extension Kit

For the big and tall professional. Straps add 10" to total length of suspenders and back strap adds up to an extra 6" between bags in back.

5592 - Beltless™ Retro Kit

This kit is for those who already own our 5055 Stronghold® Suspension System and wish to go Beltless™ with any* of our traditional bags to suit your custom needs.

5595 - Beltless™ Retro Pkg

Everything you need to go Beltless™ with any* of our traditional bags to suit your custom needs. Packaged with both the 5055 and 5592, just slide your bags on and go Beltless™!

* Due to extra wide hangers, the Beltless™ Retro

Kit does not accommodate the 5611 or B5611.

5055 - Stronghold® Suspension System

- Exceptional Comfort
- Even Load Distribution
- Pockets for Pencils or Clip-On Items
- Padded Yoke Lined With Dri-Lex® to Wick Away Perspiration
- Easy On-Off
- Fully Adjustable Fit*

Extremely comfortable padded and contoured yoke relieves hip and lower back pain. This design keeps straps from wandering off your shoulders and distributes weight evenly. Yoke is lined with a special material that wicks away moisture. The leather loop attachment system for up to a 3" belt is included. Easy on & off, just release the adjustable chest strap and hang up your whole rig with the heavy duty "D" ring provided in center of yoke.

D-Ring is Not To Be Used As A Safety Connection!

* The big & tall builder (over 6'2") may need our Suspenders Extensions kit 5044 for proper fit.

9008 - Hip Buddies®*

The high density cushion technology from our most comfortable Adjust-to-Fit™ systems configured for belt worn systems. Light weight comfort, easy to retrofit onto an existing belt set. Accepts any bag up to 7½" wide.

- Exceptional Comfort
- Built-in Suspender Loops
- Superior Load Distribution
- Keeps Bags in Place

* Not for use with B5611 or 5525 bags.

Scan for a video on Hip Buddies®

5355 - Stronghold® Comfort Package**

We combine our best selling 5055 Stronghold® Suspension System with our new 9008 Hip Buddies® to provide you with the last word in toolbelt comfort. Our Suspension System redistributes your load while the Hip Buddies soften the pressure you experience all day. Backed by Occidental's high standards, the Stronghold® Comfort System will become an integral part of your trade tools.

** Not for use with B5625 or 5530 sets.

SUSPENDER SYSTEMS

5009 - Leather Work Suspenders

Our traditional heavy duty leather suspenders. Hand crafted from belting leather, these work horse suspenders feature large shoulder pads.

Heavy duty spring clips snap on and off. The leather loop attachment system for up to a 3" belt is included.

For installation on additional belts, use Installation Kit 5509.

1546 - Stronghold® Lights

Ultra-light industrial nylon suspension set features pockets at chest height for pencils or clip-on items. Extremely comfortable providing even weight distribution.

Heavy duty spring clips snap on and off the leather loop attachment system (included). Fully adjustable front and rear. Just slide onto your belt and get to work.

For installation on additional belts, use Installation Kit 5509.

9020B - Oxy™ Nylon Suspenders

These are serious nylon suspenders designed to hold your pants or tool belts. If you want nylon suspenders, these are the ones.

Extra heavy 2" wide straps are fully adjustable both front and rear (non-stretching). Heavy harness leather rear spreader. Quality super heavy clamps.

5044 - Suspender Extensions

For the extra big and tall builder, a pair of these straps provide an additional 10" to the length of your suspenders. For use on our 5009 and 5055 suspenders and beltless systems.

5009K - Suspender Attachment Kit

Suspender attachment kit used to attach Occidental suspenders (1546 & 5009) directly to your tool belt or to create your own belt loops.

5055K - Suspender Attachment Kit

Suspender attachment kit used to attach Occidental Stronghold® suspenders directly to your tool belt or to create your own belt loops. Includes suspender lock kit for 5055.

5509 - Suspender Loop Attachment Set

This kit is available for installation of 1546, 5055 or 5009 on additional belts.

5055P - Replacement Pad

Replacement shoulder pad for the 5055 Stronghold® Suspension System. Can also be used to retrofit the 5009.

TOOL & PANT BELTS

Available in sizes SM - XXL

See pg 2
For Belt
Sizing

5008 - 1½" Working Man's Pant Belt

Extra heavy duty pant belt constructed of Bridle leather, custom tanned to our specifications in the USA. Edge stitched for quality, appearance and strength. Heavy duty 1½" steel roller buckle with a nickel finish.

5008 - Pant Belt Sizes

- SM..... 29-32"
- M..... 33-35"
- LG..... 36-39"
- XL..... 40-44"

6505 - 1½" Bridle Leather Pant Belts

It's the way each stitch is precisely sewn for optimum durability and beauty. It's the way all leather edges are hand burnished and sealed. It's the look and utility of the 1½" solid brass buckle with a brushed nickel finish (featuring a custom designed seamless roller).

Vegetable tanned authentic American bridle leather is made from heavy, high quality, domestic steer hides and drum dyed for deep, consistent colors. American bridle leather belts provide and maintain outstanding durability and timeless style.

Pant General Rule: Belt is 2" over actual pant size.
Example Pant Belt Sizing: Pant size 34" = Belt size 36"

6505 Pant Belt Sizes			
34"	36"	38"	40"
42"	44"	46"	48"

5005 - Belt Liner with Sheepskin

The ¾"+ thick sheepskin pads provide maximum comfort. Adjustable straps secure tool belts up to 3" wide. Requires only 1-2" extra belt length.

5006 - Hip Pads with Sheepskin

Thick-pile, sheepskin lined leather hip pads slide on belt under tool bags. Slots accept all tool belts up to 3" wide. Requires 1-2" extra belt length.

9005 - Belt Buddy™

Great addition to your tool belt for extra lower back support. Will fit under a third bag or hammer holder! Very comfortable and supportive.

9008 - Hip Buddy®

The high density cushion technology from our most comfortable Adjust-to-Fit™ systems configured for belt worn systems. Light weight comfort, easy to retrofit onto an existing belt set. Accepts any bag up to 7½" wide.
